To the shareholders of North State Communications Corporation

Dear shareholder:

You are being invited as a shareholder of North State Telecommunications Corporation to tell us, anonymously, what you consider important about your investment.

Your views will help everyone concerned with the company, including its managers as well as other shareholders, understand the full range of investor interests that need to be considered. This will provide an essential foundation for decisions that must be made during the next year about how North State should continue to satisfy its commitments not only to investors, but also to the customers and communities it serves.

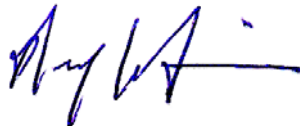

A very simple questionnaire is presented on the website of the Shareholder Forum, which has been asked to conduct this survey independently so that participants can be assured of the anonymity of their responses:

www.ShareholderForum.com/NORS

Please take two or three minutes to answer the questions, and present any questions of your own for the Forum to pass along to the company's management. (If you prefer using a printed questionnaire, let us know and we will send you one.) Responses provided by Sunday, February 20, will be included in our report of results, which will of course be available to all participants at no cost according to instructions on the website.

Thank you, in advance, for helping to define the priorities of North State's shareholders.

Sincerely yours,
