[99.1](#) Press Release of HC2 Holdings, Inc., dated August 9, 2016.

FOR IMMEDIATE RELEASE

HC2 Holdings Reports Second Quarter 2016 Results

New York, August 9, 2016 (GlobeNewswire) - HC2 Holdings, Inc. ("HC2") (NYSE MKT: HCHC), a diversified holding company that focuses on acquiring, operating and growing businesses that it considers to be under or fairly valued, today announced its consolidated results for the second quarter ended on June 30, 2016.

"I am pleased with today's announcement, as we continued to execute well during the second quarter evidenced by the strength and stability of our core operating subsidiaries driving sequential growth," said Philip Falcone, HC2's Chairman, President and Chief Executive Officer. "This quarter's results further demonstrate the power of our model, which combines a diverse portfolio of cash generating businesses, a strong capital base and significant upside potential in our early stage investments. In the second half of 2016, we will focus on continuing our positive momentum via capital structure and liquidity optimization, active management and expansion of our portfolio."

Second Quarter Financial Highlights:

- **Net Revenue:** Consolidated total net revenues were \$359.3 million for the second quarter of 2016, an increase of \$27.5 million or 8.3% compared to the first quarter of 2016, and an increase of \$78.3 million, or 27.9% compared to the year-ago quarter, primarily driven by growth in the telecom segment, as well as the contribution from the Company's Continental Insurance business, which was completed in December 2015.
- **Net Income / (Loss):** HC2 reported Net Income attributable to common and participating preferred stockholders of \$0.9 million or \$0.02 per fully diluted share for the second quarter of 2016, compared to a loss of \$(31.5) million or \$(0.89) per fully diluted share for the first quarter of 2016, and a loss of \$(12.0) million or \$(0.47) per fully diluted share compared to the year ago quarter. Second quarter 2016 Net Income included a beneficial adjustment to the Company's depreciation and amortization expense of \$1.3 million related to the Company's acquisition of Schuff. Excluding this adjustment, second quarter Net Income (loss) attributable to common and participating preferred stockholders would have been a loss of \$(0.4) million or \$(0.01) per fully diluted share.
- **Adjusted EBITDA:** Adjusted EBITDA for "Core Operating Subsidiaries", which includes HC2's Manufacturing, Marine Services, Utilities and Telecommunications segments, was a combined \$27.1 million for the second quarter of 2016 compared to \$12.7 million in the first quarter of 2016 and \$30.8 million in the year-ago quarter. Core Operating Subsidiary results for the second quarter were driven primarily by the Marine Services segments stable maintenance business, as well as strong performance from the Company's joint ventures; the Manufacturing segment's continued strong margins; and the ongoing growth in scale and customer relationships in the Telecommunications segment.

Total Adjusted EBITDA (excluding the Insurance segment) for the second quarter, which includes results from Core Operating Subsidiaries, Early-Stage, Other and Non-Operating Corporate segments, was \$15.2 million, compared to \$0.3 million in the first quarter of 2016 and \$19.6 million for the year-ago quarter.

- **Balance Sheet:** As of June 30, 2016, HC2 had consolidated cash, cash equivalents and investments of \$1.6 billion, which includes cash and investments associated with HC2's Insurance segment. At the corporate level, HC2 had \$40.3 million in cash and cash equivalents as of June 30, 2016.
- **Increased Liquidity:** In light of improvements in the overall value of the Company's portfolio, the Collateral Coverage Ratio as calculated under its 11% Senior Secured Notes Due 2019 (the "11% Notes") for the quarter ending June 30, 2016 was greater than 2.0x. As a result, the applicable period in the Company's Maintenance of Liquidity covenant under its 11% Notes was reduced from 12 months to six months, resulting in approximately \$19 million of incremental available cash and cash equivalents from the \$40.3 million balance as of June 30, 2016. Taking into consideration this increased liquidity, available cash and cash equivalents at the end of the second quarter was \$21.4 million. The Company noted that if the Collateral Coverage Ratio decreases below 2.0x in the future, the Company's Maintenance Liquidity Requirement under its 11% Notes would increase back to 12 months.

Additional Second Quarter Highlights and Recent Developments

- **Manufacturing** - HC2's Manufacturing segment (Schuff Steel) reported Net Income of \$9.4 million for the second quarter of 2016, compared to \$4.4 million for the first quarter and \$5.9 million for the year-ago quarter. Excluding the \$1.3 million prior period beneficial adjustment for depreciation and amortization expense related to the Company's acquisition of Schuff, Manufacturing Net Income for the second quarter would have been \$8.1 million.

Manufacturing Adjusted EBITDA was \$13.2 million for the second quarter of 2016, compared to \$11.5 million for the first quarter and \$14.0 million for the year-ago quarter. Backlog at the end of the second quarter was \$344.3 million. Taking into consideration awarded, but unsigned contracts, backlog would be over \$500 million. The Company said it continues to see a number of large opportunities in the commercial sector totaling over \$400 million in potential new projects that could be awarded over the next three to four months, which are not in the greater than \$500 million backlog noted above. These projects include a number of new sporting arenas and stadiums, as well as new healthcare facilities and commercial office buildings.

- **Marine Services** - Global Marine reported Net Income of \$6.0 million for the second quarter of 2016, compared to a Net Loss of \$(5.9) million for the first quarter and Net Income of \$9.4 million for the year-ago quarter. Adjusted EBITDA was \$11.8 million for the second quarter of 2016, compared to \$0.5 million for the first quarter and \$16.4 million for the year-ago quarter. The second quarter 2016 results include a full quarter contribution from the acquisition of offshore renewables specialist CWind. In addition, Global Marine continued to realize stable maintenance revenues during the second quarter, as well as strong performance from its global joint ventures.
 - **Utilities** - American Natural Gas (ANG) reported Net Income of \$0.07 million for the second quarter of 2016, compared to a Net Loss of \$(0.03) million for the first quarter and Net Loss of \$(0.13) million for the year-ago quarter. Adjusted EBITDA was \$0.54 million for the second quarter of 2016, compared to \$0.40 million for the first quarter and \$0.14 million for the year-ago quarter. ANG currently owns and/or operates 17 natural gas fueling stations compared to 11 stations at the end of the first quarter of 2016. ANG continues to expect to own/operate approximately 20 fueling stations by the end of 2016, many of which are in various stages of planning, design and construction.
-

- **Telecommunications** - Net Income for PTGI-ICS was \$1.0 million for the second quarter of 2016, compared to \$1.2 million for the first quarter and \$0.6 million for the year-ago quarter. Adjusted EBITDA was \$1.5 million for the second quarter of 2016, compared to \$0.3 million for the first quarter and \$0.2 million in year-ago quarter. The second quarter of 2016 marked the fifth consecutive quarter of profitability for PTGI-ICS, driven primarily by growth in wholesale traffic volumes due to continued expansion in the scale and number of customer relationships.
- **Insurance** - As of June 30, 2016, the Insurance companies had approximately \$77.0 million of statutory surplus and \$2.1 billion in total GAAP assets.
- **Pansend Life Sciences** - During the second quarter, MediBeacon™ Inc., a portfolio company within HC2's Pansend Life Sciences platform and maker of proprietary, non-invasive, real-time monitoring systems for kidney function, gastrointestinal permeability and other light-activated diagnostics, completed the acquisition of Mannheim Pharma & Diagnostics, a life science company based in Mannheim, Germany. Use of the Mannheim technology enhances preclinical assessment of kidney therapeutics, evaluation of nephrotoxicity and fundamental understanding of kidney function in animals. The acquired technology adds to MediBeacon's robust intellectual property assets, which includes a portfolio of fluorescent tracer agents. MediBeacon's system designed for human use is currently in clinical trials.
- **HC2 Corporate** - Subsequent to quarter end, the Company entered into agreements with affiliates of Luxor Capital Partners, LP ("Luxor") and Corrib Master Fund, Ltd. ("Corrib") to respectively convert their shares the Company's Series A-1 Convertible Participating Preferred Stock and Series A Preferred stock into shares of the Company's common stock. The Company also issued shares of common stock to the investors in place of accrued and unpaid dividends and agreed to issue additional shares in the future in place of any dividends the investors would have been entitled to had they remained holders of the preferred stock. After giving effect to these conversions, the cumulative outstanding accreted value of the Company's Series A, A-1 and A-2 Convertible Participating Preferred Stock was reduced to \$42.7 million.

Non-GAAP Financial Measures

In this release, HC2 refers to certain financial measures that are not presented in accordance with U.S. generally accepted accounting principles ("GAAP"), including Core Operating Subsidiary Adjusted EBITDA, Total Adjusted EBITDA (excluding the Insurance segment) and Adjusted EBITDA for its operating segments. Management believes that Adjusted EBITDA measures provide investors with meaningful information for gaining an understanding of the Company's results as it is frequently used by the financial community to provide insight into an organization's operating trends and facilitates comparisons between peer companies, because interest, taxes, depreciation, amortization and the other items for which adjustments are made as noted in the definition of Adjusted EBITDA below can differ greatly between organizations as a result of differing capital structures and tax strategies. In addition, management uses Adjusted EBITDA measures in evaluating certain of the Company's segments performance because they eliminate the effects of considerable amounts of non-cash depreciation and amortization and items not within the control of the Company's operations managers. While management believes that these non-US GAAP measurements are useful as supplemental information, such adjusted results are not intended to replace our US GAAP financial results and should be read together with HC2's results reported under GAAP.

Management defines Adjusted EBITDA as Net income (loss) adjusted to exclude the impact of asset impairment expense; gain (loss) on sale or disposal of assets; lease termination costs; interest expense; loss on early extinguishment or restructuring of debt; other income (expense), net; foreign currency transaction gain (loss); income tax (benefit) expense; gain (loss) from discontinued operations; non-controlling interest; share-based compensation expense; acquisition related and other non-recurring items and depreciation and amortization. A reconciliation of Adjusted EBITDA to net income is included in the financial tables at the end of this release.

Cautionary Statement Regarding Forward-Looking Statements

Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995: This release contains, and certain oral statements made by our representatives from time to time may contain, forward-looking statements. Generally, forward-looking statements include information describing actions, events, results, strategies and expectations and are generally identifiable by use of the words “believes,” “expects,” “intends,” “anticipates,” “plans,” “seeks,” “estimates,” “projects,” “may,” “will,” “could,” “might,” or “continues” or similar expressions. The forward-looking statements in this press release include without limitation statements regarding our expectation regarding building shareholder value. Such statements are based on the beliefs and assumptions of HC2’s management and the management of HC2’s subsidiaries. The Company believes these judgments are reasonable, but you should understand that these statements are not guarantees of performance or results, and the Company’s actual results could differ materially from those expressed or implied in the forward-looking statements due to a variety of important factors, both positive and negative, that may be revised or supplemented in subsequent reports on Forms 10-K, 10-Q and 8-K. Such important factors include, without limitation, issues related to the restatement of our financial statements; the fact that we have historically identified material weaknesses in our internal control over financial reporting, and any inability to remediate future material weaknesses; capital market conditions; the ability of HC2’s subsidiaries to generate sufficient net income and cash flows to make upstream cash distributions; volatility in the trading price of HC2 common stock; the ability of HC2 and its subsidiaries to identify any suitable future acquisition opportunities; our ability to realize efficiencies, cost savings, income and margin improvements, growth, economies of scale and other anticipated benefits of strategic transactions; difficulties related to the integration of financial reporting of acquired or target businesses; difficulties completing pending and future acquisitions and dispositions; effects of litigation, indemnification claims, and other contingent liabilities; changes in regulations and tax laws; and risks that may affect the performance of the operating subsidiaries of HC2. These risks and other important factors discussed under the caption “Risk Factors” in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission (“SEC”), and our other reports filed with the SEC could cause actual results to differ materially from those indicated by the forward-looking statements made in this press release.

You should not place undue reliance on forward-looking statements. All forward-looking statements attributable to HC2 or persons acting on its behalf are expressly qualified in their entirety by the foregoing cautionary statements. All such statements speak only as of the date made, and HC2 undertakes no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events or otherwise.
